

Global Health: Science and Practice

- Open-access, peer-reviewed, online journal launched in March 2013
- Goal: to improve health practice, especially in low- and middle-income countries by advancing knowledge on *how* programs are implemented
- Focus: all global health and cross-cutting topics
- Audience: those who design, implement, manage, evaluate, and otherwise support health programs
- Indexed by: PubMedCentral/ Medline, Google Scholar, POPLINE, soon EBSCO
- Publish: Quarterly with Advance Access Articles published ahead of full issue
- Funding: USAID through the K4Health project
