

INTERMEDIATE OUTCOMES

- Increased contraceptive choices
- Improved match between service provisions and client needs
- Greater input (individual or collective) in SRH policies and programming

International Center for Research on Women & MEASURE Evaluation (Forthcoming). Empowerment: Moving towards a common conceptual framing and measurement [White paper].

LONG-TERM OUTCOMES

- Greater match between reproductive aspirations and outcomes
- Increased control over spacing and timing of pregnancy
- Greater control over fertility
- Lower unmet need for FP
- Decreased prevalence of STIs/HIV
- Decreased child marriage
- Decreased sexual violence on coercion
